AdaptaRail Post & Rail

CROWD CONTROL SOLUTIONS

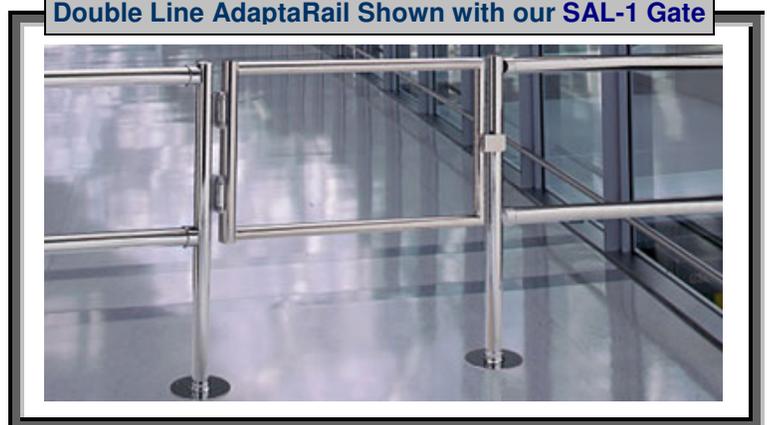

AdaptaRail Post shown with 3 Railing Adaptor Fittings

Hayward Turnstiles AdaptaRail Stainless Steel Post and Rail system was created to give our customers an all in one solution for their crowd control needs. Our stainless steel Post and Rail fit seamlessly with our Turnstiles and ADA Security Gates or as a stand alone system. Hayward's Post and Rail system can be used as crowd control for patron queuing and as patron directional guides or channel pedestrians through turnstiles. The stainless steel construction allows for outdoor or indoor use in a wide range of applications from theme parks to executive office areas.

APPLICATIONS

Hayward's Post and Rail system provides security admission and crowd control for convention centers, health clubs, sports facilities, stadiums, amusement parks and office buildings.

Double Line AdaptaRail Shown with our SAL-1 Gate
