EZ Lane Optical Turnstiles

Barrier Free Optical Turnstiles

EZ Lane

Operation:

Hayward Turnstiles EZ Lane Optical Turnstiles utilize a unique Beam Scan optical detection solution housed in a slim cabinet design. Includes 1/4" anti-tailgating range, crawl detection, low false alarm occurrence due to beam pattern and multi-directional card reading. Unique visible and audible enunciators single out tailgaters and unauthorized entry. Standard finishes include stainless steel cabinets with Corian tops.

Warranty:

3 year return to factory warranty on all electronics. Contact Hayward for full details.

Passage:

An access card or other type of credential is presented to a reader (not supplied) mounted inside the cabinet or lid. If entry is authorized, the lid mounted green arrow LED will light and point towards authorized direction. A chime will also sound indicating to the user that they may pass. Unauthorized attempts and tailgaters will initiate visual and audible alarms.

Beam Detection:

22 infrared photoelectric beams with algorithmic scanning technology that continuously checks each lane for movement allowing for passage of persons with umbrellas, briefcases, etc...

Tailgate Detection:

Scanning technology can differentiate between persons pushing or pulling an item and a person attempting to tailgate behind someone with an authorized entry.

Sound:

The sound card emits 4 different tones to indicate the following:

- Valid Identification
- Invalid Identification
- Unauthorized Attempt to Access
- Tailgate Attempt

Simple adjustment of volume on PC Board.

Reader Integration:

Readers mounted on one or both ends of lid under light arrays. Please contact Hayward for integration of bar code, swipe card, biometric, RFID and any other access control systems.

Status Lights:

LED's fitted into the cabinet lid to indicate passage direction.

Power:

24 VDC, 240W, 10A power supply provided for up to 4 lanes.

Dimensions:

Cabinet: 7" wide x 42" long x 38" high
Lane widths: 28" Standard passage
36" Handicap access (ADA) passage
